**JOB/PhD OPPORTUNITIES**

---

**Institute for Work and Health Fellowships: Syme Fellowship and Mustard Fellowship**

The Institute for Work & Health is now accepting applications for its S. Leonard Syme Training Fellowships in Work and Health.

The fellowships are for researchers at the master's or doctoral level intending to study work and health. Preference is given to candidates whose research interests closely align with IWH's current research and topic areas. IWH is particularly interested in candidates whose research aims to reduce work-related injury, illness and disability in Ontario. In the spirit of Dr. Syme's own contributions to research mentorship, candidates from any disciplinary background are eligible for training fellowships.

**The application deadline is Friday November 27, 2020.**

---

---

For more information about the fellowship, eligibility and how to apply, visit our website at:

<https://www.iwh.on.ca/opportunities/syme-fellowship>

The Institute for Work & Health is also accepting applications for its post-doctoral Mustard Fellowship in Work & Health. The fellowship supports the development of outstanding new researchers in the field of work and health congruent with the mission of the Institute. It aims specifically to build capacity for innovative multidisciplinary research concerning the relationships between work environments and worker health. As such, the fellowship is open to a range of academic disciplines including social, behavioural and organizational sciences, as well as clinical and population health sciences. Submissions are encouraged from applicants with an interest in either of the Institute's two overarching priorities: Work as a Determinant of Health and Health as a Determinant of Work.

The fellowship is valued at \$55,000 per year and may be awarded for up to two years (i.e. one year with the possibility of a one-year renewal). Only one fellowship will be awarded.

The fellowship is named in honour of Dr. J. Fraser Mustard, who was the chair of the Institute for Work & Health's first Board of Directors.

**The application deadline is Friday December 4, 2020.**

For more information about the fellowship, eligibility and how to apply, visit our website at:

<https://www.iwh.on.ca/opportunities/mustard-fellowship>
